

## School Results 2016

Dear Parent/Carers and Governors,

Please find below a summary of our results at the end of 2016. I have included the 2016 national results also as a comparison. As you can see, our school results are above, in some cases significantly above, national averages in nearly all areas. It is also worth noting that our Reception and KS1 levels, plus Year 6 Writing levels were all moderated/checked by the Local Authority and found to be accurate.

We are delighted with these results which show the success of our actions following the amalgamation of the Infant and Junior Schools in 2014 and reflect the skill and dedication of our excellent staff team. We will aim to at least maintain and wherever possible improve upon these results in the years ahead. A big well done to all of our brilliant children for their hard work and effort!

Best Wishes, Mrs Lavelle
